EDUCATION

John Jay Science and Engineering Academy, 7611 Marbach Road San Antonio , Bexar County , Texas 78227 — High School Graduation Diploma

August 2016 - July 2020

I graduated from the Science and Engineering Academy at John Jay High School in the year 2020

PROJECTS

Vibe Crumpets — Game

Vibe Crumpets is a small and personal side project I'm making on Scratch.

BreakAway — Media

BreakAway is a team project focused on letting people be more relaxed during the time of social distancing.

Fur Family — Media

Fur Family is a team project focused on making sure pet owners can take care of their pets easier by taking notes of habits they may have.

Thought Bubble — Media

Thought Bubble is a team project focused on letting people write notes online in the form of a post without the concept of needing to use a social media platform.

SKILLS

- I'm determined to complete something when I start it.
- I communicate and work well with others.
